

## REMARKS

Claims 1-11, 13, 15-31, 37-47 and 56-63 continue to appear in this application for the Examiner's review and consideration.

The allowance of these claims 37-47 is noted with appreciation.

Claims 1-11, 13, 15-31, and 56-63 were rejected for obviousness-type double patenting over applicants' corresponding US patent 7,198,801 in view of Ellisen et al. US patent 5,922,349. In response, applicants submit herewith a revised terminal disclaimer to overcome this rejection. Accordingly, these claims are now in condition for allowance.

In view of the above, it is believed that the entire application is now in condition for allowance, early notice of which would be appreciated due to the presence of the disclaimer.

Respectfully submitted,

6/25/08
